# 3M Personal Safety Division 3M<sup>™</sup> G500 Headgear

The Power to Protect Your World™

3M<sup>™</sup> G500 Forestry combination (G500V5CH510-0R, XA007703862)

The 3M<sup>™</sup> G500 Headgear provides a versatile and comfortable solution for wearers who require both face and hearing protection. With special design features making it easy to combine the headgear with other 3M safety products such as face shields, passive earmuffs or communication headsets and integrated eyewear.

# **Effective protection in demanding environments**

With its versatile combinations our headgear is ideal for most demanding work situations and environments. The 3M<sup>™</sup> G500 Headgear provides good impact protection in combination with a wide field of view and high end user comfort.

# Build your own system

3M can help you build your own system for personal hearing and face protection. The G500 Headgear is designed for many different accessories. The headgear provides a complete solution, with built-in evewear, both clear and mesh visors, hearing protection or communication headsets etc. They can be used individually or in conjunction with each other with no compromises

# Well thought-out features

Focused on style and design the headgear also has a firm and sturdy construction for improved product life. The reduction of flexible materials minimizes stress and deformation caused by rough handling. This ensures durability and consistent attenuation when combined with hearing protection or communication headset.

3M<sup>™</sup> G500 Industrial combination (G500V5F5H510-GU, UU001471117) This combination shows the 3M<sup>™</sup> G500 Headgear with a clear PC faceshield.

Integrated eyewear To increase eye protection, G500 can incorporate the integrated eye protection range (V6\*), that are available in clear, grey and yellow.

Frontcover Ventilation for increased comfort. The frontcover is also designed as a cable holder in combination with Peltor Communication products.

### Mesh Face Shield 5C-1 (Stainless Steel) is approved for "Increased

Robustness(S)" according to EN1731.

Hearing Protection Thanks to the robust design of the headband, G500 can be used both with and without earmuffs. The slot is 30 mm and fits the Peltor P3E-earmuff attachment.

Headband Robust design ready to be attached to earmuffs.

### **Optimised protection**

and forestry applications.

## Versatility

The 3M<sup>™</sup> G500 Headgear is also designed to be combined with hearing protectors or a built-in communication system. A practical, convenient solution for face and hearing protection where no head protection is needed. The wide range of visors and hearing protectors allows for many industrial combinations.

The system can be adapted as needed, boosting safety, enjoyment and comfort. The G500 Headgear is ideal for a number of industries including manufacturing, agriculture and landscape gardening.

# Standards & Approvals

The 3M<sup>™</sup> G500 headgear combinations has been shown to meet the basic safety requirements of the European Directive 89/686/EEC and is thus CE marked. The clear face shield model has been tested in accordance with EN 166:2001. The mesh face shield models have been tested in accordance with EN 1731:2006. The product has been examined by FIOH, Finnish Institute of Occupational Health, Topeliuksenkatu 41 a A, FI-00250, Helsinki, Finland Notified body #0403.
